

# COVID SAFE PRACTICE & POLICIES GUIDELINES

At Align, we want to ensure our business runs seamlessly throughout Omicron, so yours can too. Our Omicron Business Continuity Plan has eight key policies:

**Making sure key consultants are physically distanced from each other.**

**Giving our people the choice to work from home.**

**Ensuring at least two pairs of eyes are across your business.**

**Encouraging virtual meetings.**

**Taking our laptops home each evening.**

**Giving our people time off for all their vaccinations.**

**Keeping our offices open but only when it is safe.**

**Testing ourselves to protect the health of others.**

Align

Let's work together to create communities, places, and spaces built for the future.
